SHAKE WELL BEFORE USING • AGITE BIEN ANTES DE USAR

STOP READ ENTIRE LABEL BEFORE USE.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Apply this product only as specified on this label.

To Use This Product Correctly

DO NOT USE MORE THAN ONE FOGGER PER ROOM.

General Precautions and Restrictions

Do not use in small, enclosed spaces such as closets and cabinets or under counters or tables. Use of a fogger in an enclosed space may cause the product to explode, resulting in injury to people or damage to property. Do not apply this product in a way that will contact any person or pet, either directly or through drift. Keep people and pets out of the area during treatment. Do not allow adults, children or pets to enter the treated area until vapors, mists and aerosols have dispersed and the treated area has been thoroughly ventilated. Cover any water inhabited by fish (such as aquariums and ornamental fish ponds) during treatment, and turn aquarium systems off. Do not apply when food is present. Exposed food should be covered or removed. All food-preparation surfaces and utensils should be covered during treatment or thoroughly washed before use. Do not use in greenhouses where plants are grown for food. Do not apply directly into sewers or drains, or to any area like floor drains where drainage to storm sewers, water bodies or aquatic habitat can occur. Do not allow the product to enter any drain during or after application. Exit area immediately and remain outside the treated area until the area is thoroughly ventilated and until aerosols, vapors or mists have dispersed.
Wait two hours after application, then open windows, vents and doors for two hours. If an odor is detected, additional ventilation is required.
Does not control bed bugs.

BEFORE YOU FOG • 1. OPEN cabinets, cupboards, drawers, closets and doors in areas to be treated. 2. REMOVE or cover exposed foods, dishes, utensils, food-processing equipment and surfaces. REMOVE pets and birds and COVER and turn off air flow systems in aquariums. REMOVE or COVER children's and pet toys. 3. CLOSE outside doors and windows. SHUT OFF fans and air conditioners and temporarily disconnect smoke alarms.

TO START FOGGING • 1. Place a chair, table or stand in the center of the room to be fogged. Cover with several layers of newspaper or paper towels. 2. SHAKE WELL BEFORE USING. Tilt sprayer AWAY from face (fogger can sprays up). Press valve all the way down, hooking the catch. Do not inhale the spray mist. Set fogger on newspapers or paper towels and leave premises immediately. 3. Close door(s) and hang "Fogger in Use" tag on doorknob. KEEP TREATED AREA CLOSED AND DO NOT RE-ENTER FOR AT LEAST TWO HOURS. Keeping area sealed for a longer period of time will enhance fogger performance.
Vacate the treated house, individual apartment unit or other structure immediately.

AFTER FOGGING • AIRING OUT: BEFORE REOCCUPYING THE AREA, OPEN ALL DOORS AND WINDOWS, TURN ON AIR CONDITIONER AND FANS AND ALLOW TREATED AREA TO AIR OUT FOR TWO HOURS.

Turn on smoke alarms and aquariums.

NOTE: When treating for fleas or ticks, clean and treat pet sleeping areas. Also treat dogs and cats with a flea and tick control product registered for use on pets before allowing them to enter the treated areas.

STORAGE AND DISPOSAL

Storage: Store in cool, dry area away from heat or open flame. Do Not Puncture or Incinerate! **Disposal: If empty:** Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency for disposal instructions.

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

CAUTION. Avoid contact with skin and clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove clothing immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing. Breathing spray mist may be harmful.

First Aid

If on Skin or Clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a Poison Control Center or doctor for treatment advice.
If Swallowed: Immediately call a Poison Control Center or doctor. Do not induce vomiting unless told to do so by a Poison Control Center or doctor. Do not give any liquid to the person. Do not give anything by mouth to an unconscious person.
Have the product container or label with you when calling a Poison Control Center or doctor, or going for treatment. You may also contact 1-800-917-5431 for emergency medical treatment information.
NOTE TO PHYSICIAN: Contains petroleum distillate – vomiting may cause aspiration pneumonia.

Physical or Chemical Hazards

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

NOTICE: To the extent consistent with applicable law, buyer assumes all responsibility for safety and use not in accordance with directions.

INSTRUCCIONES EN ESPAÑOL DENTRO DE LA CAJA

HOT SHOT® NO-MESS!™ FOGGER$_3$ WITH ODOR NEUTRALIZER

Nebulizador con neutralizador de olores$_3$

Hot Shot® No-Mess!™ Fogger$_3$ with Odor Neutralizer creates an extremely fine, dry penetrating fog that stays airborne and reaches deep into cracks, crevices and under furniture and appliances to flush out and kill hidden bugs on contact. When used as directed, the odorless, non-staining dry fog will not harm drapes, upholstery, fabrics, carpeting, bedspreads, floor tiles, wood floors, linens, furniture, walls, clothing, ceilings, shades or blinds. Kills both flying and crawling insects on contact and keeps killing for weeks.

QUICK FACTS

- *Deeper reaching dry fog technology*
- *Non-staining, odorless, no messy residue*
- *Coverage: Each can covers 2,000 cu ft of unobstructed space (15.5 ft x 16 ft with 8 ft ceiling)*

KILLS

- *Black Carpet Beetles*
- *Brown Dog Ticks*
- *Carpenter Ants*
- *Crickets*
- *Earwigs*
- *Firebrats*
- *Fleas*
- *Gnats*
- *Houseflies*
- *Mosquitoes*
- *Palmetto Bugs*
- *Pillbugs*
- *Rice Weevils*
- *Roaches*
- *Saw Toothed Grain Beetles*
- *Silverfish*
- *Small Flying Moths*
- *Spiders*
- *Waterbugs*

Does not control Bed Bugs.

DIRECTIONS FOR USE

• It is a violation of Federal law to use this product in a manner inconsistent with its labeling. • **Apply this product only as specified on this label.**

To Use This Product Correctly

DO NOT USE MORE THAN ONE FOGGER PER ROOM.

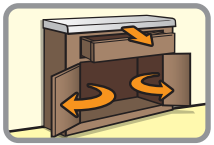
General Precautions and Restrictions

Do not use in small, enclosed spaces such as closets and cabinets or under counters or tables. Use of a fogger in an enclosed space may cause the product to explode, resulting in injury to people or damage to property. Do not apply this product in a way that will contact any person or pet, either directly or through drift. Keep people and pets out of the area during treatment. Do not allow adults, children or pets to enter the treated area until vapors, mists and aerosols have dispersed and the treated area has been thoroughly ventilated. Cover any water inhabited by fish (such as aquariums and ornamental fish ponds) during treatment, and turn aquarium systems off. Do not apply when food is present. Exposed food should be covered or removed. All food-preparation surfaces and utensils should be covered during treatment or thoroughly washed before use. Do not use in greenhouses where plants are grown for food. Do not apply directly into sewers or drains, or to any area like floor drains where drainage to storm sewers, water bodies or aquatic habitat can occur. Do not allow the product to enter any drain during or after application. Exit area immediately and remain outside the treated area until the area is thoroughly ventilated and until aerosols, vapors or mists have dispersed.

Wait two hours after application, then open windows, vents and doors for two hours. If an odor is detected, additional ventilation is required.

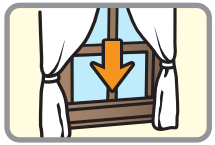
Does not control bed bugs.

BEFORE YOU FOG



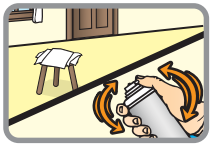
1. **OPEN** cabinets, cupboards, drawers, closets and doors in areas to be treated.

2. **REMOVE** or cover exposed foods, dishes, utensils, food-processing equipment and surfaces. **REMOVE** pets and birds and **COVER** and turn off air flow systems in aquariums. **REMOVE** or **COVER** children's and pet toys.

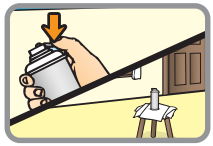


3. **CLOSE** outside doors and windows. **SHUT OFF** fans and air conditioners and temporarily disconnect smoke alarms.

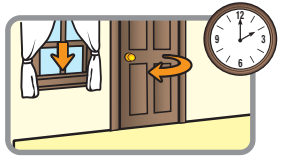
TO START FOGGING



1. Place a chair, table or stand in the center of the room to be fogged. Cover with several layers of newspaper or paper towels.

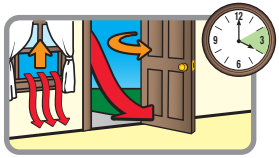


2. SHAKE WELL BEFORE USING. Tilt sprayer AWAY from face (fogger can sprays up). Press valve all the way down, hooking the catch. Do not inhale the spray mist. Set fogger on newspapers or paper towels and leave premises immediately.



3. Close door(s) and hang "Fogger in Use" tag on doorknob. **KEEP TREATED AREA CLOSED AND DO NOT RE-ENTER FOR AT LEAST TWO HOURS.** Keeping area sealed for a longer period of time will enhance fogger performance.
Vacate the treated house, individual apartment unit or other structure immediately.

AFTER FOGGING



AIRING OUT: BEFORE REOCCUPYING THE AREA, OPEN ALL DOORS AND WINDOWS, TURN ON AIR CONDITIONER AND FANS AND ALLOW TREATED AREA TO AIR OUT FOR TWO HOURS. Turn on smoke alarms and aquariums.
NOTE: When treating for fleas or ticks, clean and treat pet sleeping areas. Also treat dogs and cats with a flea and tick control product registered for use on pets before allowing them to enter the treated areas.

ALTO **LEA TODA LA ETIQUETA ANTES DE USAR.**

MODO DE EMPLEO

• Se considera una violación a la ley federal usar este producto de una manera que no sea la indicada en la etiqueta. • **Aplique este producto solo como se especifica en esta etiqueta.**

Cómo usar este producto correctamente

NO USE MÁS DE UN NEBULIZADOR POR HABITACIÓN.

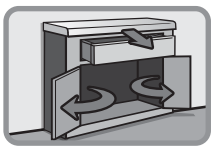
Precauciones y restricciones generales

No lo use en espacios pequeños y cerrados, como clósets y gabinetes, ni debajo de cubiertas de cocina ni mesas. El uso de un nebulizador en un espacio cerrado puede causar que el producto explote y provocar lesiones a las personas o daños a la propiedad. No aplique este producto de modo que entre en contacto con personas ni mascotas, ya sea directamente o por arrastre. Mantenga a las personas y las mascotas fuera de la zona durante el tratamiento. No permita que los adultos, los niños ni las mascotas entren a la zona tratada hasta que los vapores, nieblas y aerosoles se hayan dispersado y la zona tratada se haya ventilado bien. Cubra cualquier depósito de agua con peces (como peceras y estanques ornamentales de peces) durante el tratamiento, y apague las peceras. No lo aplique cuando haya alimentos cerca. Los alimentos expuestos se deben cubrir o retirar. Todas las superficies y utensilios de preparación de alimentos se deben cubrir durante el tratamiento o se deben lavar muy bien antes de usar. No lo use en invernaderos donde se cultiven plantas para alimento. No lo aplique directamente a alcantarillas o drenajes, así como a cualquier área como un desagüe en el piso en la que pueda producirse el drenaje a alcantarillas pluviales, masas de agua o hábitats acuáticos. No permita que el producto entre en ningún drenaje durante o después de su aplicación. Salga de la zona inmediatamente y permanezca fuera de la zona tratada hasta que se ventile bien y los aerosoles, vapores o nieblas se hayan dispersado.

Espere dos horas después de la aplicación y abra las ventanas, los respiraderos y las puertas por dos horas más. Si se detecta algún olor, se requiere ventilación adicional.

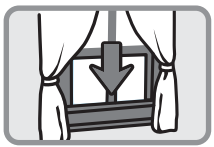
No controla las chinches de cama.

ANTES DE APLICAR LA NIEBLA



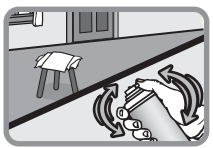
1. **ABRA** los gabinetes, alacenas, gavetas, clósets y puertas en las zonas a tratar.

2. **RETIRE** o cubra los alimentos, platos, utensilios, superficies y equipos de preparación de alimentos expuestos. **RETIRE** las mascotas y las aves y **CUBRA** y apague los sistemas de flujo de aire de las peceras. **RETIRE** o **CUBRA** los juguetes de niños y mascotas.

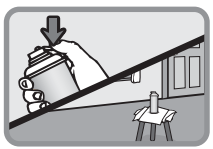


3. **CIERRE** las puertas y ventanas exteriores. **APAGUE** los ventiladores y aparatos de aire acondicionado y desconecte temporalmente las alarmas de humo.

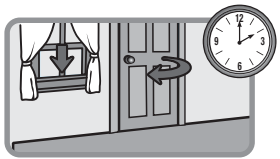
PARA COMENZAR A APLICAR LA NIEBLA



1. Coloque una silla, mesa o plataforma en el centro de la habitación que se va a tratar. Cubra con varias capas de periódicos o toallas de papel.



2. AGITE BIEN ANTES DE USAR. Incline el rociador LEJOS de la cara (la niebla sale hacia arriba). Presione la válvula hasta el final, enganchando la traba. No inhale la niebla del rocío. Coloque el nebulizador sobre periódicos o toallas de papel y abandone el lugar de inmediato.



3. Cierre la(s) puerta(s) y cuelgue la etiqueta "Nebulizador en uso" en la manija de la puerta. **MANTENGA CERRADA LA ZONA TRATADA Y NO VUELVA A INGRESAR POR UN PERÍODO DE POR LO MENOS DOS HORAS.** Mantener la zona tratada cerrada por más tiempo mejorará el rendimiento del nebulizador. **Salga inmediatamente de la casa, apartamento u otra estructura tratada.**

DESPUÉS DE APLICAR LA NIEBLA

VENTILACIÓN: ANTES DE VOLVER A OCUPAR LA ZONA, ABRA TODAS LAS PUERTAS Y VENTANAS, ENCIENDA EL AIRE ACONDICIONADO Y LOS VENTILADORES Y DEJE VENTILAR LA ZONA TRATADA DURANTE DOS HORAS. Encienda las alarmas de humo y las peceras.

NOTA: Cuando el tratamiento sea para eliminar pulgas o garrapatas, limpie y trate las zonas donde duerme la mascota. Además aplique a los perros y gatos un producto para el control de pulgas y garrapatas de uso autorizado antes de permitirles ingresar en las zonas tratadas.

El **Nebulizador con neutralizador de olores, de Hot Shot® No-Mess!™** produce una niebla muy fina y seca que permanece en el aire y penetra profundamente en grietas y rajaduras, debajo de muebles y electrodomésticos, para sacar de su escondite y matar al contacto a los insectos. Cuando se usa de acuerdo a las instrucciones, la niebla seca, inodora, que no mancha no daña cortinas, tapicería, telas, alfombrados, cubrecamas, baldosas, pisos de madera, ropa de cama, muebles, paredes, ropa, cielorrasos, persianas ni cortinas de enrollar. Mata insectos voladores y rastreros al contacto y continúa matando durante semanas.

DATOS RÁPIDOS

- *Tecnología de niebla seca de alcance más profundo*
- *Residuo inodoro, que no mancha ni necesita limpieza*
- *Cobertura: Cada lata alcanza para cubrir 2,000 pies cúbicos de espacio libre (15.5 pies x 16 pies con techo de 8 pies de altura)*

MATA

- *Escarabajos negros de las alfombras*
- *Garrapatas marrones del perro*
- *Hormigas carpinteras*
- *Grillos*
- *Tijeretas*
- *Tisanuros*
- *Pulgas*
- *Jejenes*
- *Moscas domésticas*
- *Mosquitos*
- *Cucarachas de caño*
- *Cochinillas*
- *Gorgojos del arroz*
- *Cucarachas*
- *Carcomas dentadas*
- *Lepismas*
- *Pequeñas polillas voladoras*
- *Arañas*
- *Chinches de agua*

No controla las chinches de cama.

PARA USAR EN

espacios cerrados como:

- *Apartamentos*
- *Áticos*
- *Graneros*
- *Sótanos*
- *Camarotes de embarcación*
- *Cabañas*
- *Campers*
- *Túneles de servicio*
- *Cocheras*
- *Casas*
- *Uso doméstico*
- *Cobertizos*
- *Áreas de almacenamiento*
- *Remolques*

NOTA: Hasta el grado que sea compatible con la legislación pertinente, el comprador asume toda la responsabilidad para seguridad y uso que no estén de acuerdo con las instrucciones.

ALMACENAMIENTO Y ELIMINACIÓN

Almacenamiento: Guarde en un lugar fresco y seco, lejos de fuentes de calor o del fuego. ¡No lo perfore ni incinere!

Eliminación: Si está vacío: Tírelo en la basura u ofrézcalo para reciclar, si existe esa opción. **Si está parcialmente vacío:** Llame a su servicio de eliminación de desechos más cercano para obtener instrucciones de eliminación.

DECLARACIONES PREVENTIVAS

Riesgos para los seres humanos y los animales domésticos

PRECAUCIÓN. Evite el contacto con la piel y la ropa. Lávese muy bien con agua y jabón después de manipularlo y antes de comer, beber, masticar chicle, usar tabaco o usar el baño. Quítese inmediatamente la ropa si el pesticida pasa a través de la misma. Luego lávese muy bien y póngase ropa limpia. Respirar la niebla del rocío puede ser nocivo.

Primeros Auxilios

Si entra en contacto con la piel o la ropa: Quítese la ropa contaminada. Lave inmediatamente la piel con abundante agua durante 15 a 20 minutos. Llame a un centro de control de envenenamientos o a un médico para recibir instrucciones de tratamiento.

Si se ingiere: Llame inmediatamente a un centro de control de envenenamientos o a un médico. No induzca el vómito a menos que así se lo indique un centro de control de envenenamientos o un médico. No administre nada de líquido a la persona. No administre nada por la boca a una persona que haya perdido el conocimiento.

Cuando llame a un centro de control de envenenamientos o a un médico, o intente obtener tratamiento, tenga a la mano el envase o la etiqueta del producto. También puede llamar al 1-800-917-5431 para obtener información acerca del tratamiento médico de urgencia.

NOTA PARA EL MÉDICO: Contiene destilados de petróleo; los vómitos pueden causar neumonía por aspiración.

Riesgos Físicos o Químicos

Contenido bajo presión. No lo use ni guarde cerca de una fuente de calor ni del fuego. No perfore ni incinere el envase. La exposición a temperaturas superiores a 130ºF puede causar explosiones.
